

Winston Way Weekly NEWS

Friday 2nd November 2018

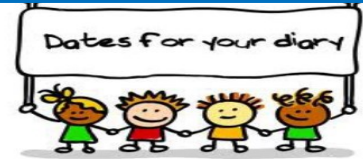

Dear Parents and Carers.

Welcome back to what I believe is the hardest half term for all. It is colder, darker and when it rains it rains hard. Saying that, it looks brighter inside Winston Way Academy.

Over half term it was announced that United Learning have been appointed by the Regional Schools Commissioner to take over all Silver Birch Academy Trust Schools. They are the trust running Walthamstow Academy and Primary Academy as well as Goresbrook All through School in Dagenham

Over the next couple of months, "Due Diligence" takes place. The new trust will want to meet the parents, carers, pupils and staff at Winston Way. For further information on United Learning please look at www.unitedlearning.org.uk

Early Years Foundation Stage Update:

As some parents and carers are aware this week Nursery moved into a new location. The children have adapted very well to the new environment and have settled into their new classroom.

New Nursery Classroom

Whole Class Phonics lesson in RTB

This has also had a positive impact on reception as the three classes are now mixing with children in their own year group allowing a more formalised and structured routine throughout the day.

We also appreciate parents and carers promoting independence by dropping and collecting their children from their child's classroom door and not entering the building. This also enables a safe environment and allowing the school to maintain its compliance with health and safety regulations.
