

Winston Way Weekly NEWS

Friday 23rd November 2018

Class Assemblies:
KS2 - Thursday 29th, 3AA at 10.30am

Dear Parents and Carers,

Well I have come to the end of my first fortnight here at Winston Way and to be honest, I've been made so welcome, that it feels I've been here for much longer.

The first news to share is that the school raised £478.60 for Children in Need, last Friday. This is a marvellous achievement and everyone who took part should be really proud of themselves.

The second piece of news I'd like to tell you about, is that Mr Pasola will be returning to Winston Way for the second part of most days, as from Monday 26th November 2018. Mr Pasola will support the school in developing the partnership work with Shaftesbury Primary School, while also leading on assessment and behaviour. He will also be at Winston Way to support the leadership team and teachers.

Thirdly, I want to tell you about a change that will begin from Monday 3rd December 2018. Next week I'll be sending out a letter describing why and how, but starting from Monday 3rd December, the school day will end at 3.15pm from then on.

Fourthly, I can tell you that United Learning, which is the trust that has intentions on acquiring Winston Way, came to carry out a process called 'due diligence' this week. On 12th December 2018, United Learning will make a final decision about acquiring Winston Way. What I can say is that things look positive going forward, but we will have to await the final decision. The leadership of United Learning are pleased that I have taken the headship of the school for the foreseeable future and are pleased with the partnership work with Shaftesbury Primary School. I have agreed to remain at Winston Way for the rest of the academic year at least, and up until the time the leaders of United Learning are happy to appoint their own new head teacher.

And lastly again, I'd just like to remind parents and carers about the importance of children's very good attendance at school. Children with the best attendance at school typically achieve best. Similarly, children who arrive on time everyday also achieve very well. Poor attendance and poor punctuality makes children anxious about school and can negatively impact upon children's ability to learn.

Thank you so much for your attention and best wishes.

Yours faithfully

Mr G Hadlow
